**Once you've got a judgment, you've got
something.**

- If you want to appeal, you might need to ask for an immediate stay.
 - Ex: order for medication over objection immediately used to forcibly administer medication
- If someone doesn't pay a judgment, you can swiftly do things to get your money.
 - Ex: collecting rent from tenants of defendant landlord
 - Ex: asking how judgment debtor got to court hearing and seizing car right then and there
 - Ex: seizing a 757 over unpaid small claims judgment
